The crowd opens with Aunt Polly crossing the fence in search of her nephew, Tom Sawyer. She finds him in the closet, discovers that his hands are covered with jam, and prepares to give him a whipping. Tom runs out dramatically, "Look behind you!" and when Aunt Polly turns, Tom escapes over the fence. After Tom is gone, Aunt Polly reflects carefully on Tom's mischief and how she lets him get away with his work.

Tom crosses fence at supper time. During supper, Aunt Polly discovers that Tom's hands are covered with jam. She asks him how he got the jam on his hands, and he tells her that he was out playing with the boys. She is still angry from the fact that Tom's half brother, Silver, had himself to discipline his

The Language of SQL, 2nd Edition - CoderProg

SQL, or Structured Query Language, is the primary language used to communicate with relational databases. The goal of this book is to serve as a useful introductory guide to this essential language. In an alternate universe, the title of this book might have been The Logic of SQL .

Introduction - The Language of SQL, Second Edition [Book]

because, like all computer languages, the language of SQL has much more to do with cold hard logic than with English vocabulary. Nevertheless, the word language has been retained in the title for a number of reasons. First, a certain language-based syntax in SQL distinguishes it from other computer languages.

this book demonstrates many of the SQL schema statements, the main focus of this book is on programming features. With only a handful of commands, the SQL data statements look deceptively simple. In my opinion, many of the available SQL books help to foster this notion by only skimming the surface of what is possible with the language.
